

## GSFA Online

Updated up to the 48<sup>th</sup> Session of the Codex Alimentarius Commission (2025)

### FOOD CATEGORY DETAILS

#### Cocoa products and chocolate products including imitations and chocolate substitutes (05.1)

##### Description:

This category is divided to reflect the variety of standardized and non-standardized cocoa- and chocolate-based products.

This page provides information on the food additive provisions that are acceptable for use in foods conforming to the food category.

#### GSFA Provisions for Food Category 05.1

| INS No.     | Food Additive or Group               | Max Level   | Notes                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Defined In  |

Items in uppercase (e.g. **PHOSPHATES**) refer to food additive groups.

#### GSFA Table 3 Provisions

The following additives, as indicated by **Table 3**, may be used in this food category under the conditions of good manufacturing practice (GMP) as outlined in the Preamble of the Codex GSFA.

| INS No.    | Food Additive or Group      | Acceptable in Foods Conforming to the Following Commodity Standards                                                                                                                                                               |
|------------|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
